

## JCW-320

Classic Pneumatic Terminal Crimping Machine

### Features

- Pneumatic crimping machine
- 13.5KN crimping force, Dozens of die sets for selection
- Fast crimp die sets changeover

### Technical Data

|                        |                                                                              |
|------------------------|------------------------------------------------------------------------------|
| <b>Function</b>        | Open barrel, closed barrel, loose terminal, fast change die sets             |
| <b>Cable range</b>     | Bootlace ferrule: 35 mm <sup>2</sup><br>Tubular terminal: 10 mm <sup>2</sup> |
| <b>Crimping force</b>  | 13.5 KN                                                                      |
| <b>Crimp dies sets</b> | 4 sets                                                                       |
| <b>OEM</b>             | Yes                                                                          |
| <b>Activation</b>      | Foot pedal                                                                   |
| <b>Air supply</b>      | 0.4 - 0.7 MPa ( clean and dry air )                                          |
| <b>Dimensions</b>      | L 260 x W 120 x H 140 mm                                                     |
| <b>Weight</b>          | 5 KG                                                                         |

## JCW-320A

NEW! Portable Ferrule/Terminal Crimping Machine

### Features

- Pneumatic crimping machine
- 13.5KN crimping force, Dozens of die sets for selection
- Fast crimp die sets changeover
